COURSE OF STUDY.

THE Normal School Law provides for two distinct Courses of Instruction; the Elementary Course, and the Scientific Course.

ELEMENTARY COURSE.

PREPARATORY.

Fall Term—Arithmetic—oral and written: English Grammar, Geography, Reading, Penmanship, Didactics.

Winter Term—Mental Arithmetic, Written Arithmetic, English Grammar, Geography, Reading, Didactics.

Spring Term—Arithmetic, Algebra, U. S. History, English Grammar and Analysis, Penmanship, Didactics.

JUNIOR YEAR.

Fall Term—Arithmetic, beginning at Proportion; Algebra, beginning at Equations; Latin, Drawing, Reading, Didactics.

Winter Term—Algebra, Latin, Physiology, Mathematical and Physical Geography, Book-keeping, half term; Civil Government, half term; Didactics.

Spring Term—Botany, Latin, English Grammar and Analysis, Didactics, Reviews.

SENIOR YEAR.

Fall Term—Geometry, Mental Philosophy, Natural Philosophy, Rhetoric, Latin, Teaching in Training School.

Winter Term—Geometry, Mental Philosophy, Natural Philosophy, Literature, Vocal Music, Teaching in Training School.

Spring Term—Elocution, Didactics, Teaching in Training School, Reviews in all studies of the Course.

Throughout the Course: Composition, Speaking, and Orthography.

 No student will be allowed to take more than five *full* studies, except by special permission.

SCIENTIFIC COURSE.

JUNIOR YEAR.

Fall Term—University Algebra, Solid Geometry, Chemistry, Latin, Grammar and Latin Reader.

Winter Term—University Algebra, Latin Reader, General History, Zoology.

Spring Term—Trigonometry and Surveying, English Literature, Geology, Latin, English Classics.

SENIOR YEAR.

Fall Term—Analytical Geometry, Natural Philosophy, (Snell's Olmsted) Cæsar.

Winter Term—Calculus, Natural Philosophy, Virgil.

Spring Term—Calculus, Moral Philosophy, Logic, Astronomy, Reviews.

SUBSTITUTIONS—Latin, French and German may be substituted for Spherical Trigonometry, Analytical Geometry, Calculus, the mathematical part of Natural Philosophy and Astronomy, and the last third of University Algebra.

NOTE—The Scientific Course also includes the Elementary Course.

Classes are also formed to accommodate the wants of those who are unable to take the regular course.

EXAMINATIONS.

Candidates for graduation are first examined by the Faculty, and if found qualified, are recommended to the State Board of Examiners.

The State Superintendent, who is President of the Board, two Principals of Normal Schools, and two County, City or Borough Superintendents, constitute the Board of Examiners.

DIPLOMAS.

A student, graduating in the Elementary Course, receives a diploma, in which are named the branches studied, and by which he is constituted Bachelor of Elements: the diplomas of those graduating in the Scientific Course enumerate the distinctive branches of the Course and constitute their holders Bachelors of the Sciences.

Regular graduates who have continued their studies for two years after graduating, and who have practiced their profession for two full annual terms* in the Common Schools of the State, on presenting to the Faculty and the Board of Examiners a certificate of good moral character, and skill in the Art of Teaching, from the Board or Boards of Directors in whose employ they have taught, countersigned by the County Superintendent, may receive second diploma, constituting them Masters in the several studies embraced in the course in which they graduated, and conferring upon them the corresponding professional degrees:

Teacher of Elementary Didactics;

Teacher of Scientific Didactics.

The Normal School Law makes it the duty of the State Board of Examiners to grant Diplomas or State Certificates to actual teachers of Common Schools, without their having attended the Normal Schools as students, upon the following conditions:

1. The applicant must be twenty-one years of age, of good moral character, and must have taught successfully during three consecutive terms, in Common Schools of this State. The proof of good moral character and of satisfactory teaching for the requisite term must be a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examination may be in either the Elementary or the Scientific Course as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the State Superintendents; or in such other studies as may, by the Board of Examiners, be deemed equivalent.

*An annual term must be at least five months.

3. Each applicant is required to prepare and present to the State Board of Examiners an original thesis, of not less than six folio pages of manuscript, on some professional subject, which thesis is to be retained at the school where the examination takes place.

4. The examination and certificate are without expense to the applicant, and the certificate is full evidence of qualification to teach the branches therein named, in any part of the State, without further examination.

5. Practical teachers, attending examinations at State Normal Schools for the purpose of procuring State Certificates, are examined separately from the regular students; and both the State Board of Examiners and the Faculty of the school at which the examination is held, take part in the examination, all being required to sign the certificate.

EXPENSES.

Tuition in all branches, including Book-Keeping, Drawing, Penmanship, Vocal Music, and Board, including fuel, oil, room-rent, and ordinary washing, \$63.00 per term, or \$189.00 per year.

The first payment, \$40.00, to be made on the first day of the term; the second payment, \$23.00, to be made at the middle of the term.

No deduction is made for absence of less than three weeks, and then only in case of sickness.

The total expenses per year are \$189.00. When students avail themselves of State Appropriation, the expenses are reduced for the Junior Year to \$168.00 and, in case of Soldiers' Orphans, to \$147.00.

For the Senior Year the expenses are reduced to \$118.00, and in case of Soldiers' Orphans, to \$98.

Tuition without board, including all branches as above, \$14.00 per term, or \$42.00 per year. The first payment, \$8.00, to be made the first day of the term; the second payment, \$6.00, to be made the middle of the term. No deduction for absence of less than half a term.

Gentlemen's rooms are furnished with heat, chairs, tables, stands, pails, bedsteads, mattresses, pillows, and one comfortable.

Ladies' rooms are furnished with heat, carpet, couch, chairs, tables, and bedroom set complete, pillows, and one comfortable. Mirror on dressing case.

Students furnish lamps, mirrors, wash-bowls and pitchers, napkins, towels, pillow slips, sheets and one comfortable. The last five articles enumerated, together with all clothing, should be distinctly marked with full name.

For two days at the opening, and two at the close of each term, students and their baggage are carried to and from the railway station free of charge.

All baggage should be distinctly marked with the name of the owner, and "STATE NORMAL SCHOOL," to insure its being brought to the Normal buildings. Whenever baggage is to be taken to the station, it should be marked with the name and destination of the owner.

Produce, limited by the wants of the Institution, will be taken in payment for board, whenever patrons prefer to make payments in this way.

The ordinary text books are rented to students.

All students are required to board in the Institution, unless specially excused by the Trustees, or those living with parents or guardians.

All bills must be settled with the Treasurer.

STATE APPROPRIATIONS.

By a recent act of the Legislature, the following appropriations are made by the State to Normal Students and Normal graduates :

1. Each student over seventeen years of age, who shall sign a paper declaring his intention to teach in the Common Schools of the State, shall receive the sum of Fifty Cents per week.
2. Each student who has been disabled in the military or naval service of the United States, or of Pennsylvania, or whose father lost his life in said service, and who shall sign an agreement as above, shall receive the sum of One Dollar per week.
3. Each student, who, upon graduating, shall sign an agreement to teach in the Common Schools of the State two full school years, shall receive the sum of Fifty Dollars.
4. Any student, to secure these benefits, must attend the School at least twelve consecutive weeks. The State appropriation is to be deducted from the regular expenses of students for board and tuition.

MISCELLANEOUS.

Before students are graduated they are required to write a thesis upon some educational subject.

No person can be graduated from a Pennsylvania Normal School who has not attended the school at least one-half a school year.

Applications for second diplomas must be presented to the Board of Examiners at the regular annual examination of the school.

CABINET.

There are now more than 6,000 specimens in the Cabinet. The Foster collection of Minerals, of over 2,500 specimens. The Smithsonian collection. The Conchological collection. The Eyster and Fradenburgh collections, all of which afford students good facilities for scientific investigation.

APPARATUS.

The Philosophical and Chemical apparatus is sufficient to afford students the opportunity to perform most of the experiments necessary to develop the principles of the sciences pursued.

NORMAL LITERARY AND ATHENAEAN SOCIETIES.

These are Literary societies, composed of the students of the Normal School. They have small but select libraries. Literary exercises are held weekly, and each society gives an annual literary entertainment.

ATTRACTIONS OF OUR TOWN.

It is conceded by all who are acquainted with Mansfield that it is one of the most moral and cultured towns in Pennsylvania. The citizens are noted for their sobriety, intelligence and enterprise.

There is not a town in the State where the young are less exposed to the influences of vice and immorality than here.

By a special act of the Legislature no intoxicating liquors can be sold or billiard tables kept within a radius of two miles of this Institution.

The healthfulness of the place is excellent, and the scenery and beauty of surroundings unsurpassed.

These are desirable features and will be a great inducement for parents to send their children to Mansfield State Normal School, where their moral and intellectual wants will be equally well cared for.

Here is located the Soldiers' Orphan School, and also Mansfield Business College, which has recently been opened and gives great promise of success and usefulness.

TEXT BOOKS.

Lists of Text Books used during the course will be furnished on application to the Principal.

GOVERNMENT.

The government of the School is based upon the principle: "Do right because it is right." The positive regulations adopted are based upon the following principles:

- 1st. *No student should be allowed to trespass upon the rights and privileges of another.*
- 2d. *Privileges that all cannot enjoy should be granted to none.*

RELIGIOUS PRIVILEGES.

The churches of Mansfield are Methodist, Baptist, Episcopal, Universalist and Presbyterian. Sunday morning Bible Class, and Sunday and Wednesday evening prayer meetings are held in the chapel of the Institution.

LOCATION.

Mansfield is a beautiful village of about 2,000 inhabitants, situated on the Tioga and Elmira State Line Railroad, thirty-five miles from Elmira, N. Y., and ten miles from Blossburg, and on the Troy and Wellsboro Stage Line, sixteen miles from Troy and twelve miles from Wellsboro. Students coming via the Northern Central Railroad, take stage from either Roaring Branch or Troy, or Railroad from Elmira, N. Y. Those coming by Lehigh Valley Railroad, change cars at Elmira. Those coming by the Erie Railroad from the West, change cars at Corning, or Elmira, N. Y., and from the East, at Elmira.

BUILDINGS AND FIXTURES.

The South building is of brick, one hundred and fifty feet in length by fifty feet in width. The North building, also of brick, is situated one hundred and fifty feet North, and the same distance East, of the South building. It is one hundred and fifty feet in length and four stories in height. The rooms

for students are large, with extra height of ceiling. The buildings, grounds and furniture cost over one hundred thousand dollars. The boarding hall, which is in the North building, is so arranged that students are grouped in families of ten at the tables, pupils of both sexes being seated around each table. The grouping is made with distinct reference to the cultivation of social habits and the rules of good society.

THE NEW BUILDING.

There is now in progress of erection, midway between the present structures, a new building 54x117 feet, three stories high, which will contain Model School Rooms, Society Rooms, and a capacious Chapel, 108x54 feet. This building is nearly completed and will be ready for use at the beginning of the Fall term, and will make this pre-eminently the best and most convenient Normal School in the State.

APPLICATIONS FOR TEACHERS.

Principals of Academies, Seminaries, and Directors of Common Schools will, whenever practicable, be furnished with good teachers, upon application at this Institution; but officers must not suppose that all persons who attend a Normal School three to six months, are thereby made good teachers.

THE KIND OF STUDENTS WE WANT.

It is the determination to make this Institution a place where students are taught correct moral principles, and where thoroughness and steady progress are prominent features. Therefore we desire students only who come to us with the following definite purposes:

- 1st. *To make school duties their chief business.*
- 2d. *To give their whole time and energy, during study hours, to school work.*
- 3d. *To cultivate a teachable spirit and cheerfully acquiesce in all the regulations and requirements of the school.*

THE KIND OF STUDENTS WE DO NOT WANT.

- 1st. *Those who come here to spend their money and idle away their time.*
- 2d. *Those who have "fast" habits and who come here simply because they cannot bear the restraints of home.*
- 3d. *Those who are unwilling to practice the self-denial necessary for their own improvement, and for the general good of the school.*

GENERAL REMARKS.

If those desiring to enter the school are not prepared to make any sacrifices to make study the first and only aim while here, to work diligently and faithfully, to be honest in all things, they should go anywhere but to a Normal School.

The Normal School is intended to be a self-governing institution. The persons to whom it offers decided advantages, must of necessity be those who will understand what is requisite, in order that the largest return may be received by them for their outlay of time and money. If any, through inadvertency, give evidence that they have mistaken the school in this respect, there will be no hesitancy in granting them a perpetual furlough.

Parents and guardians are earnestly reminded that under the most favorable circumstances, students who board out of the building cannot make as satisfactory progress as those who are under the immediate supervision of the school authorities.

ALUMNI.

This Institution graduated its first class in 1866. The graduates now number 523. Graduated this year, 38.

TRAINING SCHOOL.

The Training School consists of one hundred pupils from eight to fourteen years of age. The school is divided into five grades of about twenty pupils in each grade.

The design of the Training School is to present our students an opportunity to put into practice the methods of instruction and theory received in the course of their professional work.

They do their teaching under the constant direction of the Principal of the Training Department, and a single term rightly used in practice will do more for a student teacher than years of school-room work without advice and criticism.

The student teacher is given a class, which he holds a period of a few weeks in one branch, and thus in the twenty-one weeks, by change of programme, he is enabled to have advice in teaching in the different grades all the common school studies.

Once each week the class meet to hear the defects of the teachers pointed out that all may profit thereby.

The methods, the language, power of securing and holding attention, discipline, manner, teaching power are noted and errors criticised.

An extra effort is made to impress the fact that a poor disciplinarian cannot succeed in the school room, and every principle relating to discipline is seriously and carefully discussed. During the year there are senior class exhibitions of teaching, after which each student has an opportunity to make criticisms, or ask advice.

Every student is required to make a careful preparation for each recitation including both matter and method, and every Monday a plan of the week's work is handed to the Principal who observes if the plan be correct, and is carried out. Several of these plans are printed each week in the county paper giving to the public an idea of what the student teachers are doing.

The following are plans selected from those handed in during the year:

GEOGRAPHY—New England States.

MONDAY.

MISS——

Subject Matter.

1. Review the principal cities, rivers, mountains, bays, and lakes, had the preceding week.
2. Take up the principal cities. Augusta and other cities.

Method.

1. Require pupils to name and point out on map the principal ones of each.
2. Take the city Augusta, and show them upon the map where it is, and have them name the river upon which it is situated, write the word upon the board, requiring pupils to write it upon their slates, and spell it orally. Explain why it is called the capital. Treat other cities in a similar manner.

TUESDAY.

1. Review climate and occupations on the coast.
2. Names of ports.

1. Draw from the pupils which States have a colder climate, the New England or the Southern States, and why? Also draw from them what the occupation is of those living on the sea coast.
2. Point out on the map some of the ports where fishing smacks are built, requiring pupils to write and spell the names of those places, after having seen them placed on the board.

WEDNESDAY.

1. Review.
2. Other occupations and commerce.

1. Concert review of the climate and occupation yesterday.
2. Read to the pupils a short description of the forests, pastures, mountains and rivers of the New England States and have them tell what they think is the chief occupation. Have them name some of the articles manufactured from the lumber. Ask if the people use all of these articles there, if not, where are they sent? In this way, bring out the fact that these articles are exchanged for others.

THURSDAY.

1. Examination on the work of the four days.

1. Have a written examination. Papers taken and corrected.

FRIDAY.

1. Examination questions reviewed.

1. Errors in spelling corrected by writing words upon the board, and having pupils write and spell orally. Incorrect answers corrected by having the right answers given and repeated until learned.

READING—Third Reader.

MONDAY.

MR. ———

Subject Matter.

1. Reading selection on page 136.

2. Sounds of b and d.

3. Vocal sounds.

Method.

1. Divide the class into two divisions. Study lesson by divisions. Pronounce words alternately. Write the difficult words upon the board and have pupils pronounce them until learned. Have pupils give in their own language the ideas contained in the lesson. Have the pupils read, giving particular attention to distinct enunciation and cultivation of natural, unembarrassed tones.

2. Pronounce words of the lesson containing sounds of b and d.

3. Short drill on vocal sounds.

TUESDAY.

1. Reading selection on page 136. Brief review.

2. Sounds of g and j.

1. Read the lesson read yesterday. Study the lesson. Have some pupils write words of two syllables upon the board and divide them properly. Pupils give the ideas contained in the lesson. Have them read, giving attention to position and enunciation.

2. Pronounce words of the lesson containing sounds of g and j. Five sounds in concert.

WEDNESDAY.

1. Reading selection on page 137. Brief review.

1. Read yesterday's lesson in concert. Study lesson for to-day. While some are reading, have others write difficult words upon the board. Correct errors if any, by having pupils re-write the words. Be sure the pupils get a correct idea of what they read, and understand the meaning of all words. Have them use the difficult words in original sentences.

2. Sounds of p and t.

2. Drill on sounds of p and t as used in words of the lesson.

THURSDAY.

1. Lesson on page 137. Brief review.

1. Read the lesson studied this week. Study lesson carefully with pupils by having them pronounce the difficult words. Find the sentences, and the idea contained in each sentence. Have pupils read and then give ideas in their own language.

2. Sounds of m and n.

2. Drill on sounds of m and n as used in words of the lesson.

FRIDAY.

1. Review.
2. Story.
3. Advanced lesson.
4. Vocal sounds.

1. Read the lessons studied during the week.

2. Tell short story to the class, to illustrate some moral truth.

3. Study a paragraph containing several short sentences. Have the pupils read a sentence and then repeat it without reference to the book until they acquire a natural, easy tone.

4. Concert drill on vocal sounds.

CONSERVATORY OF MUSIC.

I. G. HOYT, DIRECTOR.

Among the many who undertake the acquirement of a musical education very few, comparatively, attain a high degree of proficiency, except graduates from the conservatories of our large cities. Some of the many causes to be assigned for this fact are to be found in the indifference and incompetency of teachers, who, themselves have been led astray by wrong methods of instruction and who are doing in an erroneous and superficial manner the work which ought only to be done by those qualified for their profession by a legitimate and thoroughly systematic course of instruction.

The object of this department of the school is to furnish a solid musical education in all its branches.

THE COURSE OF INSTRUCTION

Is identical with that of the largest conservatories of America, and is divided into five grades, each grade being subdivided into three divisions. The music comprised in the course is classified according to the divisions of the grades, beginning at the simplest and extending to the most difficult, and includes the Piano-forte works of the ancient and modern classic composers.

RATES OF TUITION.

Per term of fourteen weeks, payable strictly one-half in advance.

For Piano	- - - - -	\$14.00
For Organ	- - - - -	14.00
For Violin or other Orchestral instruments, each	- - -	14.00
For Harmony and Composition	- - - - -	14.00
For Counter-point and Fugue	- - - - -	14.00
For Instrumentation and the Art of Conducting	- - -	21.00
For Notation, Elementary Instruction and singing at sight in Classes	- - -	1.50
For Formation and Cultivation of the voice	- - - - -	14.00
For Chorus and Oratorio singing in Classes	- - -	2.00
For Instruction in Piano Tuning and Accoustics as applied to the same, including use of Piano,—per lesson	- - -	3.00
For use of Piano two hours per day during the term	- - -	2.50

REGULATIONS.

Pupils will not be permitted to visit music rooms or receive visits during practice hours. The practicing of either vocal or instrumental music, not classified according to the divisions of the grades, will be *strictly* prohibited.

No deduction will be made for temporary absence from lessons. Those who are withdrawn from the school before the close of the term—unless compelled to leave on account of protracted illness—will be charged the full amount of tuition for the term of fourteen weeks.

Those who complete the required course of studies in any branch, and pass a satisfactory examination in the same, are awarded a diploma, in which will be named the studies completed, and by which they will be constituted graduates and will be entitled to receive the degree: Bachelor of Music.

COURSE OF STUDY FOR THE PIANO-FORTE.

The New England Conservatory Method comprises the first three grades.

FOURTH GRADE.

A. Cramer's Studies, book first; Bach's Fifteen Inventions; Kohler's Special Studies; Heller, Op. 16, part first; scales in double third's; several pieces learned from memory; pieces for four hands.

B. Cramer's Studies, book second; Bach's Six French Suites; Heller, Op. 16, part second; Plaidy, scales in double thirds continued, with several pieces thoroughly learned; pieces for four hands.

C. Selections from Clementi's Gradus ad Parnassum; Bertini's Characteristic Studies, Op. 66, book first; Bach's Six Partitas; Fifty Studies by Czerny, book first; Plaidy, scales in double sixths and trills; several pieces learned from memory; pieces for four hands.

FIFTH GRADE.

A. Moscheles' Studies, Op. 70, part first; Selections from Gradus ad Parnassum; English Suites by Bach; Bertini's Studies, Op. 66, book second; Ch. Mayer, Op. 119, part first; Rosellen, Op. 60; practice of concerted pieces, Sonatas, &c.
